Title: "CATIONIC LIPID COMPOSITIONS TARGETING ANGIOGENIC ENDOTHELIAL CELLS"		

Sir:

Applicant hereby petitions the Commissioner of Patents and Trademarks to accept color drawings as **Figs. 1-13**, in the above-referenced application. Applicant requests favorable consideration of this petition.

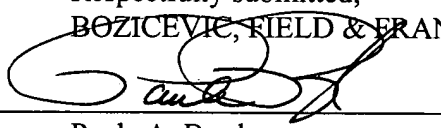

Applicant submits herewith under 37 C.F.R. § 1.84(2): (i) the fee as set forth in § 1.17(h), (ii) three (3) sets of color drawings and (iii) one (1) black and white photocopy accurately depicting, to the extent possible, the subject matter as shown in the color figures. The specification of the above-referenced application contains the appropriate text as set forth in 37 C.F.R. § 1.84(2)(iv).

The color drawings are necessary in the present application because color is required to depict the selective association of agents with angiogenic endothelial cells. These figures were thus the only practical medium by which to disclose the subject matter sought to be patented in the above-referenced application.

The Commissioner is hereby authorized to charge any additional fees which may be required by this paper, or to credit any overpayment, to Deposit Account No. 50-0815, order number UCSF-077CON7.

Respectfully submitted,
